PRESIDENT'S CORNER

March 13th and 14th---We all know what is going to happen and by the time you are reading this so will fifteen to twenty thousand other folks throughout the Pacific Northwest. The Electronics Flea Market 1982 is off and running, thanks to those who showed up at Amateur Radio Supply to help stuff, staple, label and sort fifteen thousand flyers this last weekend. About ten members and wives participated on Friday and an equal number gathered on Saturday to make short work of this task.

Now that the PR is out we can turn our heads to the other tasks which need to be done prior to that weekend. Unfortunately the sign up sheet which was passed out at the last meeting has turned up missing. So we will be routing another at the meeting.

The location, if you haven't heard, will be at Longacres. They have excellent facilities with lots and lots of free parking. Space is also available for self contained R/V parking. If you know someone from out of town please let them know.

All indications are pointing to a very successful event. But how well we pull it off to make it a yearly effort will require a lot of club member participation before and during the flea market.

This being the February meeting we will begin the nominations for the 1982 officers, with elections to be held at the March meeting, March 20th. Please give this important club matter your fullest attention.

Also at the February meeting we will discuss Field Day 1982. Due to the excellent program on the Victoria to Maui sailboat race at the January meeting we did not have time to get into Field Day. So lets all think June 1982 and get on with the planning.

+++++SEE YOU AT THE MEETING+++++

*Hal N7NW*

++++ TID BITS ++++

K7KOT- Now has 31 states on two meters, having picked up 6 in February. Steve has schedules with 11 more new ones in March.

N7NW-- Worked BY1PK in the 13th. QSL info says via W2BK. All indications are that this was probably a boot legger, but work first and ask later.

K7ND-- Is nearly ready again for 220 moonbounce having suffered antenna damage during the big wind storm.

HAPPY BIRTHDAY!!

24-Les Jacobs WN7NXC  
30-Dick Lundstrom WA7UEW

MEETING THIS SATURDAY!!!! FEBRUARY 27th!!!!

This meeting will have lots of interesting business that you can help us get finished. We will be announcing the Nominations that your committee has come up with. We want your suggestions on more people for officers. Field Day is coming and the planning begins this month--come and take a hand, that will get you in the thick of it. This month will be your last chance to help get the Electronics Flea Market 1982 off and running at Longacres. Bless my soul, we need all of your help to collect the inventory for the Country Store, help setting up tables on Friday the 12th, pulling a shift during the two days of "selling madness" we call the Flea Market.

COMMENDATION.....COMMENDATION.....COMMENDATION.....COMMENDATION....

Many, many thanks go out to the staple stomping, carbon fingered, label placers that helped to stuff the Electronics Flea Market Flyers in the Amateur Radio Supply mailers. The long list of fantastic people is: K7MWC, N7BT, N7NW, KB7R, KB7ZS, KB7LM, W7PRW & wife, K7ND, W7JWJ, W7QGP, WB7AYU, WA7UEW, K7PFR, WA7TAI, N7AMX, N7AVO, W7JIE & wife. Lots of love and kisses to all of your messy hands and paper cuts.

CHANGES.....CHANGES.....CHANGES.....CHANGES.....CHANGES.....

If you have been listening to Swap & Shop the last three weeks you have noticed the new format. We now take prices for the equipment, the listings only run for two weeks, and calls are taken for new listings on an alphabetical list. So far the comments have been positive. You can hear the deals being worked almost as quickly as the price is announced. Give a listen and I hope you will be pleasantly surprised.

\*\*\*\*\*

Did you hear about the snail that bought a great, big Cadillac and had S's painted all over the car? All his life he had been a lowly snail, but when he drove his Caddy through town at 90 miles an hour everyone said, "Look at that S car go!"

# MIKE AND KEY ANNUAL AWARDS
