Christmas Party is set for December 3rd, at Forest Ridge. Other activities include Seattle Marathon March 27th and American Diabetes Association Bike-a-thon, April 10th. Meeting adjourned.

This edition of the RELAY, as you have already noticed, is pretty small. This is due to the "changing of the guard", new officers and trustees, etc., and somewhat due to the lack of funds to make this a larger edition. We hope to be in a better position for the next edition.

Everyone likes to receive the K7LED RELAY (I know this to be true as I have heard the squawk that goes up when the RELAY doesn't arrive) and the items that are published there-in. This becomes somewhat of a task when you think of who furnishes the material, where the items come from, typing, format, printing, address labels, stamps, mailing, etc., This becomes the concern of all the Club members--so!!!, what we need here is HELP, HELP, HELP AND HELP, in the form of REPORTERS to furnish the material and goody items to fill this space. I'll make a deal!!!, you get the material to old "yours truly" (I guess I got elected or appointed or something) and we will have a Club paper. Need this material during the two weeks following each Club meeting.

"Ear to the ground" reports indicate that there was a profit of approximately \$900.00 realized on the "Fleamarket". Final report will be presented in due time. More later.

NOTICE, NOTICE, NOTICE--MAY 21st CLUB MEETING will be held at -- AV Winery -- in Bellevue, 1445 120th Ave NE, location explained at the April meeting. This means a tour of the winery and a wine tasting party after the meeting, bring your lunch and snacks of whatever. There is a possibility that the Club will pick up the tab on this one!!!

Come to the April meeting prepared to talk Field Day. This has become a traditional event in the past history of the Club. For the past (I don't know how many years) this event has been held at old Fort Flagler on Marris stone Island. (good location) This is a State Park and everyone seems to enjoy, not only the Field Day but the facilities of the Park. We are in good with the Park Ranger, he knows of our Club, what we do, and especially how we leave the area when we depart. Lets keep it that way; -- 73 -- WA7EKH
