

K7LED Relay

Volume 45, Issue 12

Mike & Key Amateur Radio Club – Seattle

December 2017

Happy Holidays from Mike & Key ARC

From David Smith KB7PSN President

It is now the last month of the year! As 2017 winds down, there were many successful events. At the annual Flea Market, awards banquet, Field Day, August picnic, and other events, no major incidents occurred.

Soon it will be time to plan logistics and support for next year's events - each committee is always looking for new members.

Among the current things that the Club is focusing on:

At this month's Club meeting, members will be asked to approve an operating budget for next year. There will also be a short Christmas holiday party after regular business meeting.

Thanks to the efforts of the Web Committee, the Club now has a new web site appearance! Any information that relates to upcoming Club functions should be sent off to the Committee to be posted at the web site.

(long form) Paperwork continues to be filled in to help establish the club as a 501c3 organization.

The online form will soon be filled out to help attain ARRL Special Service Club status.

A rental agreement with Salvation Army will help to ensure that the Club can hold meetings there on a more permanent basis.

A reminder that at the January Club meeting, we will start taking nominations for Club officers (Pres, VP, Sec, Treasurer, Activity Mgr, Trustee #2, and Trustee #4). These officers will start their term in April, so there will still be a couple of months of nominations before the March vote. Catch you soon!

Celebrate our December Members

By Jim Kiniry KE7JIM, Treasurer

As of December 2017, these folks have been Mike & Key members for the number of years stated. Congratulations to all of you, and thank you for your participation and service.

Happy Anniversary this month!

Each of you makes us who we are.

On the Web – The Club's site at www.mikeandkey.org includes extensive information about Club activities and events, such as: VE testing, membership, past editions of the Relay and more.

Reflector – The Club's public message board offers an easy and free way to converse with Club members. To sign up, visit: <http://groups.yahoo.com/groups/mkarc> .

E-Relay – Help the Club save on printing and postage, send Email to the *Relay* Editor: n7wa @ arrl.net.

The New Mike & Key Web Page is Live

By: Dan – KG7DAB (web committee member)

It's been a long, uphill climb to get the Mike and Key web moved into the 21st century, but we did it. On Nov. 1st, 2017, we went **live** with the redesigned format.

What this means for you (user version);

- Tablet and Mobile friendly
- Old content is still there, just organized in a (we hope) better place and has a little more 'pizzazz'
- Live Tweets, Facebook feeds, and we have a [BLOG](#) now!
- Updated more consistently with new content

What this means for you (nerd version);

- The back end is
- Server based
- Modular
- Scalable
- Easy to incorporate new items

Visit www.mikeandkey.org and have a look for yourself!

So let's make some noise and Blog, Facebook and tweet away!

Now, what we need from you is **content**. Meaning, we on the web committee are looking how the club – that's right, I'm looking at you – can help the information on the web be dynamic, active and most important – current! Membership Committee... what's up? Activities... What's new? What's coming up? If we have a committee, I bet there's some web content lurking around.

Of course, feedback is always welcome. We've received quite a bit already. Just send an email to info@mikeandkey.org. Simple items like grammar and spelling are always taken care of immediately. Larger suggestions may take consideration from the board and web committee but all are addressed. Please note that not all suggestions can be implemented. If they were, our web page would look like it was designed by Picasso ☺

Thank you all for your support and happy surfing!
73,

The Web Committee;
Jim Etzwiler, KD7BAT
Dave Smith, KB7PSN
Koda Mondragon, KI7IXR
And myself (...Dan, in case you missed the byline)

Training Report for December

submitted by Daniel KL7WM

There was a Skywarn weekend on December 1 and 2, 2017, with lots of check ins.

The Issaquah Technician Licensing Class is very full, 60 students. There was a makeup test session on Saturday, where two students from the October class and one student from the November class each got 100% correct.

There are five class dates scheduled for 2018:

- February 3 & 10, 2018 in Ballard
- March 17 & 24, 2018 in Federal Way
- April 21 & 28, 2018 in Ballard
- September 8 & 15, 2018 in Ballard
- November 3 and 10, 2018 in Ballard

The number of New Hams for 2017 is 273

Daniel Stevens KL7WM

Training Coordinator

Wayne Moddison, K6DOW – Silent Key

submitted by Dave KB7PSN

Henry Wayne Moddison, K6DOW, born Nov 27, 1941, was a Club member for just short of 33 years, living in Kent.

My first contact with Wayne was as a new ham to the Mike and Key back in 1993. Later, in 1994, I ended up working with him at Boeing. His desk was a stone's throw away, we would interact on a daily basis, sharing current events, family happenings, and stories of the Club. He had many passions, spending time back and forth between California and Washington State, participating in road rallies along the Al-Can Highway, and helping out as one of the Seafair Parade Marshals for many years.

When I left Boeing to work in a small startup company near Woodinville, Wayne picked me up an etched Boeing glass set (water pitcher with matching set of glasses) After working at Boeing for just over 10 years, it was a great parting gift (Thanks)!

In later years, we would share many stories as I would pass by him at the Gold Gate check-in area during various Flea Markets. As people would collect their packets, he would make sure that they felt welcome. He was very patient.

Both Wayne and his wife even operated a small Asian restaurant in Kent. Wayne passed away on November 15. He will be missed. So long dear friend! 73, Dave

Wayne K6DOW and his wife Swan

One of many awards reflecting Wayne's involvement in Public. Wayne was a Pop Brown Award recipient as well.

Membership Committee
submitted by Rita KD7CNU

Merry Christmas from your Membership Committee.

We met following the November general meeting at the Renton Library. The Christmas Luncheon was planned. We also discussed the Awards Banquet to be held in April.

It was a very brief meeting. Those in attendance:
Jim Kiniry--KE7JIM Thomas Helm--AF7ZH
Sandy Dunkel--K7OZY Ric Danielson--K7RIC
Rachelle Mobbs--KF7QCN
Rita Danielson--KD7CNU

Please see the Christmas Luncheon flyer in this issue of the Relay. Hope to see you there. It won't be the same without you.

Until December 16,
73/88 Rita

501 (c)3 Committee Report
By Jim Kiniry, Jr., KE7JIM, Treasurer

Work is progressing with our IRS Form 1023 application for Section 501 (c)3 tax exempt status.

We need input from Mike & Key Members to fill Form 1023 – Part IV "Narrative Description of Activities", the heart of our application.

Form 1023 – Part IV states:
Using an attachment, describe your past, present, and planned activities in a narrative. If you believe that you have already provided some of this information in response to other parts of this application, you may summarize that information here and refer to the specific parts of the application for supporting details. You may also attach representative copies of newsletters, brochures, or similar documents for supporting this narrative. Remember that if this application is approved, it will be open for public inspection. Therefore, your narrative description of activities should be thorough and accurate. Refer to the instructions for information that must be included in your description.

Dave Yarbrough's ARRL application will be a part of this as well as Daniel Stevens Education Class statistics.

Per discussion at December's Board Meeting and comments from Michael – KG7MX: We need to show several examples that "The Mike and Key Amateur Radio Club is a charitable, educational and scientific organization which is in the process of assembling its application for recognition by the Internal Revenue Service as tax exempt under Section 501 (c)3 of the Internal Revenue Code."

Please send any documents you feel should be included directly to me via e-mail: KE7JIM@outlook.com

Have a Holly Jolly Christmas
and a Happy New Year
submitted by Bill KL7BB

Tis the season to remember the spirit of this magical season. I had the very good fortune to know Mike and Key club member Ward Weiland W7GEY and learn from him about his early years in ham radio.

When Ward was attending Eastern Illinois State Teacher's College, he would help a blind friend exercise by running together about the field at the college. It turns out that the blind friend was Russ Farnsworth (W6TTB) of the CW Farnsworth method for learning the Morse Code.

Every now and then, another friend would come and run together with Ward and Russ. They would hold a close

formation while running so that Russ could extend his hands and hold onto their shoulders for balance as they ran together, circling around the field and track.

In Ward's later years, he would go up to Anacortes Washington and visit with his "other friend", a fellow who would later become the famous folk singer Burl Ives. Burl Ives has a very distinctive singing voice that was instantaneously recognizable on radio or TV.

As this Christmas season blossoms and blooms, I hear many songs of the season and when I hear Burl Ives sing "Have A Holly Jolly Christmas", I remember the good times that were enjoyed with fellow Mike and Key Club member Ward Weiland W7GEY.

So, *Have a Holly Jolly Christmas* and a Happy New Year!

A New Net on 222 *submitted by Rob KC7FBN*

There is a developing radio net, the only one known, on the 222 band.

The M&K Club has graciously allowed me to begin a net on 224.120, 103.5 tone. Since I'm VERY new to operating a club net, members have offered technical and format support. At this point people are checking equipment and prorogation.

There is hope to include Echo-Link and IRLP in the mix. I would like to link to other 222 repeaters to cover more of Washington State in time.

Some of the people who are check in are doing so because their EmComm team uses 222 for alternate or coordinational role in a disaster. Come one, come all on 224.120 on Sunday afternoon at 3:00 pm. 73 Rob

Another Year-long Test *submitted by Michael N7WA*

Speculation has been rampant as to whether the ARRL could come up with another successful event like NPOTA. I know a number of Hams who made an effort to go out and put some rare National Park properties on the air. Well, get prepared for the International Grid Square Chase (IGSC?).

It's important to note that you don't have to actually exchange grid squares so regular contests will not be affected. The ARRL is relying on Logbook of the World (LOTW) to make those connections. If you want to participate, you'll need to register with the LOTW. A simple goggle search will get you that information. Full details on the Grid Scare Chase are in the December QST.

Mike & Key ARC General Meeting **Saturday, November 18th, 2017 at 10:00 am** **Salvation Army Building, Renton, WA**

Opening:

The meeting was called to order at 10:00 am by the President, Dave Smith KB7PSN. The Pledge of Allegiance was recited. Members and guests were introduced: "What will be your role in next year's Flea Market?"

Announcements:

The Mike & Key ARC is affiliated with the ARRL, which members are encouraged to join. Everyone - including visitors - should sign the rosters. Visitors are reminded not to vote on membership matters.

Officer Reports:

President - Dave Smith KB7PSN: There were two Silent Keys recently announced - Frank Remington K7GSE, and Paul Donnor KD7SSD. Members shared their memories, and a moment of silence was held.

Secretary - Phillip Pia K7PIA: There are corrections to last month's General Meeting minutes - the "next meeting date" should be November 18th, 2017, and the Alligator Award belongs to Steve WB7AAV, not Jim K7JGM. A correction to both the Board and General Meeting minutes is that the form for the 501(c)(3) application is the 1023, and not the 1024 (as erroneously noted).

Treasurer - Jim Kiniry KE7JIM: The books look to be in order. Be sure to pay your dues.

Activity Manager - Jim Monson K7JGM: We have good stuff on offer for the raffle today. Stuffing the envelopes for the Flea Market flyer mailing is today's activity.

Vice President - David Yarbrough WA7DY: A quorum is present.

- Minutes: Peter Glaskowsky K4PNG moved to accept the minutes as published in the Relay; Chris Rose AE7XQ seconded the motion. The motion passed.

- Recognition: Daniel Stevens KL7WM for 15 years of membership. Dick Bridges N7YOB, Ryan Martin N7TNI, and Diane Dinkelman KB7DNE for 25 years of membership.

Chairman of the Board - Tim Kane K7ANE: There will be a brief meeting for all board members after the raffle.

Radio Officer - Hal Goodell N7NW: The repeaters are working great. There is a new 220 net at 3 pm on Sundays on the K7LED 224.12 MHz (103.5) repeater; Rob KC7FBN will be leading the net.

Editor Reports:

Relay Editor - Mike Dinkelman N7WA: Send in your articles and pictures.

Webmaster - Dan Aalberg KG7DAB: The newly-redesigned [Club website](#) is now live. Right now, the content is mostly the old stuff - we need new, fresh content. If you have any ideas for new content, be sure to send them to info@mikeandkey.org. Feedback on the new site is welcomed; send it to the email address listed above.

December 2017

K7LED Relay

- Michelle Cross WB7AYU: Thanks to the Web Design committee for their hard work; the new site looks great.
- Dave Smith KB7PSN: A Club badge order page has been added to the website.

Committee Reports:

Membership – Tom Helm WT7S (liaison): There was no meeting last month. The next committee meeting will be at 12:30 pm today, at the Renton Library.

Facilities and Publicity - Steve Cook KD7IQL (liaison): It turns out that a Salvation Army event will not conflict with our General Meeting next month; the General Meeting be taking place here.

- Mike N7WA: The Club will be ringing the Salvation Army bells on December 9th from 11 am to 7 pm at the Renton Fry's Electronics store.

Education and Training - Robin Carter WA7BRI (liaison): It was reported that 270 new hams have been licensed through Daniel Stevens KL7WM's classes this year, which is already more than last year. Five class dates are currently planned for 2018: February 3 & 10 in Ballard, March 17 & 24 in Federal Way, April 21 & 28, September 8 & 15 in Ballard, and November 3 and 10 in Ballard.

Public Service - Robert Grinnell KD7WNV: If you have any additions or corrections for next year's Public Service booklet, be sure to send an email to KD7WNV (as listed in the Relay) or to info@mikeandkey.org. The current year's booklet (in individuals and bundles) is still available for those interested.

- The Seattle Marathon (on Sunday 11/26) still needs volunteers; informational sessions for those interested in helping out will be held this weekend. The Seafair Holiday / Special People's Cruise could also use some ham help. Be sure to see the [website](#) or the booklet for more information.

- Dave Smith KB7PSN: The Auburn Santa Parade will need some amateur radio assistance; if interested, email Liz Budbill N7ZXH.

Technical and Special Interest - Steve Marth WB7AAV (liaison): The Technical Net continues on Wednesdays at 7:30 pm on the K7LED 146.82 repeater. We are currently looking for substitute net controls; if interested, email David Yarbrough WA7DY.

- Rob KC7FBN: A new 220 net is taking place on the K7LED 224.14 repeater at 3 pm on Sundays.

VE Exams - Scott Robinson AG7T: There were eight examinees at the last VE Exam session, with the testing resulting in five Technician, two General Class, and one Amateur Extra Class amateur(s). The next VE session will convene at around 12:30 pm today.

Flea Market - Hal N7NW: 2018 will mark the Club's 37th annual Flea Market, with the last 34 being held at the Puyallup Fairgrounds. The event will be taking place on Saturday, March 10th, with setup on Friday, March 9th. A Chinese dinner will follow the event for volunteers. The event requires much volunteer assistance to run; a link to volunteer sign ups is posted in the November Relay. If you have any questions or trouble signing up, be sure to see Mike N7WA or Hal N7NW. Anyone can sign up to volunteer - one doesn't have to be a member or even a ham, so feel free to invite friends and family. Volunteers gain free admission and zero commission selling at

the Country Store, so sign up now. There is a Flea Market meeting on Tuesday, December 12th at the Dinkleman household in Kent.

Field Day - Ivy Nelson-Groves WA7IVY: The generator has been serviced and winterized. The 2017 results were just released in the December QST magazine; K7LED was 11th overall in the country, and first in 8A(?) - we would have been second in 6A, if not for the classification error. We did pretty well this year, as we had our fourth highest score of the last 16 years.

Old Business: None heard.

New Business: None heard.

Alligator Award: Steve WB7AAV retains the award.

Good of the Order:

- Chris AE7XQ: The Pierce County ARES training session last weekend went well. Upcoming sessions are listed on the Pierce County ARES website; the next one is December 21st at the Pierce County EOC in Tacoma.

Closing:

The next Mike & Key General Membership meeting is on the third Saturday of the month - December 16th at 10:00 am at the Salvation Army Building in Renton.

Peter Glaskowsky K4PNG made a motion to close the meeting and was seconded by Gil Drynan W7GIL; the motion passed. The meeting was adjourned at 10:53 am.

Guests: 8 Members: 47 ARRL Members: 42
Attested: Phillip E. Pia, K7PIA - Secretary.

Mike and Key ARC Board Meeting Tuesday, December 5th, 2017 at 7:15 pm Salvation Army Building, Renton, WA

Officers Present:

President Dave Smith KB7PSN, Vice President David Yarbrough WA7DY, Secretary Phillip Pia K7PIA, Treasurer Jim Kiniry KE7JIM, Activities Manager Jim Monson K7JGM (Absent: Radio Officer Hal Goodell N7NW)

Trustees Present:

No. 1 Steve Cook KD7IQL, No. 2 Steve Marth WB7AAV, No. 3 Tim Kane K7ANE, No. 4 Tom Helm WT7S, No. 5 Robin Carter WA7BRI

Editors Present:

(Absent: Webmaster Dan Aalberg KG7DAB, Relay Editor Michael Dinkelman N7WA)

Visitors:

Daniel Stevens KL7WM, Michael Hansen KG7MX

Opening:

The Chairman of the Board Tim Kane K7ANE called the meeting to order at 7:15 pm, with a quorum being present. Steve Cook KD7IQL moved to approve the minutes as published, with Tom Helm WT7S seconding; the motion passed.

Officer Reports:

Chairman of the Board - Tim Kane K7ANE: Nothing to report.

President - Dave Smith KB7PSN: The Website Committee is looking for feedback and content.

Vice President - David Yarbrough WA7DY: Two membership applications were received in the last month: Samuel Miles (no call), and Bill Helin KL7BH. The Board approved the applications.

Secretary - Phillip Pia K7PIA: An executive session was held after last month's General Meeting to discuss legal issues.

Treasurer - Jim Kiniry KE7JIM: The books are in order. Things are being put together for the January audit.

Activities Manager - Jim Monson K7JGM: The grand prize end-of-year raffle will be taking place at the next General Meeting. Unfortunately, the grand prize will not be an Elecraft KX3 this year due to lack of raffle funds; a suitable prize is being sought. This month's program will be the Christmas Party.

Radio Officer - Hal Goodell N7NW: Not present. The Board wishes him well in his recovery from his recent sickness.

Editor Reports:

Relay Editor - Mike Dinkelman N7WA: Not present. Articles are due Friday.

Webmaster - Dan Aalberg KG7DAB: Not present.

- Dave Smith KB7PSN: Old, outdated content was taken down, with newer content being put up in its place.

Committee Reports:

Education & Training - Robin Carter WA7BRI: Deferred to Daniel Stevens KL7WM.

- Daniel Stevens KL7WM: The Issaquah Technician Licensing Class is very full, with 60 students currently enrolled. There was a make up test session on Saturday, where two students from the October class and one student from the November class each got 100% correct. We will need teachers and VEs this Saturday in Issaquah. Currently, there are five class dates scheduled for 2018: February 3 & 10 in Ballard, March 17 & 24 in Federal Way, April 21 & 28, September 8 & 15 in Ballard, and November 3 and 10 in Ballard. The number of newly-licensed hams year-to-date is 273.

Membership - Tom Helm WT7S: The committee met last month after the General Meeting; topics discussed were the Christmas Party and the upcoming Banquet.

Technical - Steve Marth WB7AAV: The Technical Net continues on Wednesday evenings at 7:30pm on the Club 2m repeater.

Public Service - Tim Kane K7ANE: The Club will be ringing the Salvation Army bells at the Renton Fry's Electronics store this Saturday 12/9 from 11 am to 7 pm.

Facilities - Steve Cook KD7IQL: Nothing to report.

Flea Market - Hal Goodell N7NW: Not present. It was mentioned that there will be a committee meeting next Tuesday 12/12 at the Dinkelman household in Kent.

Old Business:

- Michael Hansen KG7MX: He suggested that the first page of the new website be modified to reflect our intent to obtain recognition of tax-exempt status. At present, he believes that the webpage does not convey clearly that the Club is claiming that status. Specifically, he suggested that the the following language (more or less) be added to the heading beginning "The Club": "The Mike and Key Amateur Radio Club is a charitable, educational, and scientific organization which is in the process of assembling its application for recognition by the Internal Revenue Service as tax exempt under Section 501(c)(3) of the Internal Revenue Code."

- Michael Hansen KG7MX: Legal issues were discussed.

- Jim Kiniry KE7JIM: Copies of the proposed 2018 Budget were passed out to all Board members; updated items for the upcoming year, as well as Board-suggested changes, were discussed. A motion was made for the Board approval - and to send to the membership for their approval - of the proposed 2018 Budget (as amended); the motion passed.

- Jim Kiniry KE7JIM: There is still much work to be done for the Club's Form 1023 501(c)(3) application. Recent work on (and the current state of) the application was discussed.

- Concerns about the proposed Salvation Army rental agreement were aired, as it pertains to scheduling and advance notice of potential conflicts. The Board agreed that the Salvation Army should confirm the Club's meeting reservations and give at least 60 days advance notice of scheduling conflicts, so that the Club has time to make alternative arrangements. It was moved that the Club revise the proposed agreement to add such language, and present the revised agreement to the Salvation Army for their approval; the motion passed.

New Business: None heard.

Good of the Order: None heard.

Closing:

The next Board Meeting will be on Tuesday, January 2nd, 2018 at 7:15 pm at the Salvation Army Building in Renton.

Jim Monson K7JGM moved to adjourn the meeting; Jim Kiniry KE7JIM seconded. The motion passed. There being no further business, the Chairman adjourned the meeting at 8:33 pm.

Attested: Phillip E. Pia, K7PIA - Secretary.

Mike and Key ARC ANNUAL Christmas Party

Ugly Sweater Bash

Following the December General Membership Meeting

Subway Sandwiches—Lunch provided

Ugly Sweater Contest—Wear your Best “Ugly” Christmas Sweaters

Christmas Bingo—Holiday themed Bingo game during lunch
